

- Folders: A-04-01, A-4-2, A-04-03, A-4-4, A-4-5, A-3-2, A-3-1, Haul Road 1, Haul Road 2, Pad Extension PE-1-1, PE-1-2, PE-1-3, PE-1-4. Re: Anchor Hill Ore Control – Blast Holes. Samples submitted by Bondar-Clegg. 1996.
- Bill Valerio's reports on daily activities and production for 1996

New Box #23

(From Original Box #40)

- Correspondence between Brohm and DENR regarding the Leach Pad Expansion and the New Stormwater Pond. Technical revisions were made, discussion of permits: 404, GWD-3-88, and Mine Permit #462. Documents dated 1995.
- Laboratory results and analysis from FMG, Inc. to Brohm. Dated 1995.
- Ruby dump – site maps and data
- Sulfide stockpile, new Ruby dump, Anchor Hill reclamation, water volumes, Sunday Pit discharge rate, top soil volumes, sulfide reserves, pad off load volumes – handwritten notes 1991 -1996
- Crusher stockpile data. 1996
- Pad expansion diagrams
- 1994 memo. Re: Sulfide test heap ore crush size gold extraction
- Volume calculations. 1996. Including end of month pad volume, cell 7, run of mine ore, waste, crusher hopper stockpile.
- Handwritten notes on Steffen Robertson and Kristen, and NJS Engineering paper. 1993-1996. Re: leach pad capacity, cells 5, 6, and 7.
- Correspondence b/w NJS Engineering and Brohm. 1994. Re: cells 6 and 7.
- Transmittal letters from NJS to Brohm. 1994-95.
- Data on Ruby sulfide ore stockpile topo, ROM pile topo, onload topo, EOM survey topo points, haul road center line points, Strawberry Creek Topo, water treatment road and culvert, pond area, 1995-1996
- Cell 5 sulfide heap test. 1993. NJS to Brohm.
- Broken Sulfide Project: data, handwritten notes, cost estimate, progress report, sensitivities for broken sulfide, equipment analysis. 1994-1995.
- Handwritten notes regarding Blattner – tons, hauling and crusher amounts. 1994.
- Sulfide Stockpile Crushing Case Comparisons
- 1992 Brohm letter re: Tertiary Crushing Cost Estimate
- 1994 fax from HC Osborne and Associates to Brohm regarding meters and equipment
- Handwritten notes regarding Blattner bid
- 1994 fax from Blattner to Dakota Mining Corp regarding bid on crusher feeding
- 1996 purchase orders with Contech Construction and Ace Steel and Recycling
- 1995 invoices from Hayward Baker for drilling work
- 1995 proposal from Hayward Baker for the Sunday Pit Embankment Seepage Control
- 1995 Hayward Baker daily site reports and compaction grout reports
- 1995 fax from Blattner. Re: Ruby Gulch Dam and Ruby to Sunday Pipeline cost estimate
- Ruby Gulch Pond and Piping Project. 1995. Brohm.
- Ruby pond and pipeline -- handwritten notes

- 1993 Brohm – Blast hole and assay reports
- **Correspondence b/w Brohm and DENR** regarding: Exceedences of compliance point monitoring (GW-8), Technical revision to Permit #439, Overall mining industry status, Anchor Hill quarterly reports, Waste Rock Management Plan, Approval letter for Ruby Gulch seepage pond, an Environmental Audit, Sulfide Percentages and ARD Water Balance, Anchor Hill Phase 2, Southeast Langley Update, Ruby Gulch Sediment Control. 1996.
- Drawings: ultimate pad configuration, Strawberry Creek diversion pipeline, drawing
- Letter from Robertson Geoconsultants, Inc. regarding Brohm's Langley Project Technical Revision to DENR. 1996.
- SD 1995 Mineral Summary by DENR
- History of Mining Regulation in South Dakota
- Copy of Title 74 – DENR Permit Applications – Filing and Review
- Copy of Chapter 45-6B – Mined Land Reclamation – by State of SD
- Correspondence b/w Environmental Design Engineering and Brohm 1996
- Handwritten information from Kevin Ellis to Troy Fierro. Re: list of survey activities accomplished during the months of March, May, September and October 1996.
- Monthly Reports from January 1994 to August 1996
- Handwritten information from J.D. Fenenga to T.J. Fierro. Dated 1996. Regarding Pads and Ponds – construction activities.
- Letters 1997 from JD Fenenga to JJ Miller
- Brohm – Weekly Reports dated 1996
- Brohm – Monthly Reports dated 1994 – 1996
- Gilt Edge Mine – Daily Production Report dated 1993 and 1996
- 1995 Draft Letter to the Shareholders of Dakota Mining Corporation
- List of daily, monthly, bench activities, etc. 1996
- Memorandums regarding a mine permit, the 1995 environmental report, and a water treatment facility.
- Various purchase orders dated 1996
- Brohm Mining Corporation Payables Report for 1995
- Financial Review of Gilt Edge Mine. 1996. Prepared by Brohm/Dakota for Board of Minerals and Environment
- 1995. Agenda notes from the SD Board of Minerals and Environment discusses Brohm mining, surface mining issues (bonds, transfer of surety, Ruby dump)
- Gilt Edge Anchor Hill Project Request for Determination of Special, Exceptional, Critical or Unique Lands and Notice of Intent to Operate. 1995. by Brohm, for SD DENR. (drafts dated January 10, 1995 and January 20, 1995)
- T.J. Fierro's resume
- State of South Dakota, DENR, Findings of fact, conclusions of law and order. Re: the application of Brohm for a large scale mining permit. 1996.
- Anchor Hill Project – Board of Minerals Presentation (outline of power point presentation)
- Correspondence b/w Maryin D. Truhe and Dakota Mining Corp regarding mining permit and EIS. 1995.
